## ✓ In-Page Links

We found a total of 16 links including both internal & external links of your site

Anchor	Type	Follow
HoneyBurn	Internal Links	Dofollow
HOW IT WORKS ?	Internal Links	Dofollow
REVIEWS	Internal Links	Dofollow
INGREDIENTS	Internal Links	Dofollow
Privacy	Internal Links	Dofollow
Terms	Internal Links	Dofollow
Disclaimer	Internal Links	Dofollow
HoneyBurn	Internal Links	Dofollow
Journal of the American College of Nutrition	External Links	Dofollow

While there's no exact limit to the number of links you should include on a page, best practice is to avoid exceeding 200 links.

Links pass value from one page to another, but the amount of value that can be passed is split between all of the links on a page. This means that adding unnecessary links will dilute the potential value attributed to your other links.

Using the Nofollow attribute prevents value from being passed to the linking page, but it's worth noting that these links are still taken into account when calculating the value that is passed through each link, so Nofollow links can also dilute pagerank.

## Broken Links

No broken links were found on this web page

Broken links send users to non-existing web pages. They are bad for your site's usability, reputation and SEO. If you find broken links in the future, take the time to replace or remove each one.
